Surrounded by lush greenery and complemented by well-designed landscaping, Asset Alpine Oaks offers a retreat where residents can unwind and appreciate the beauty of their surroundings.

The collaborative efforts of Asset Interiors and Customization teams transformed a bland, vacant apartment into a stunning and captivating home. Through the addition of distinctive accents, they curated a cheerful atmosphere, ultimately achieving an inviting and cozy living space.

Living Room

The living room boasts a spacious, well-lit ambiance, featuring expansive balconies and windows that flood the area with abundant natural light. Complementing this, a beautiful TV unit in a warm beige shade adds to the aesthetics, offering a perfect blend of style and functionality. This investment is ideal for those seeking to craft a comfortable and stylish entertainment space at home. With pristine white walls and flooring, the room exudes a fresh, inviting atmosphere, contributing to a bright and airy feel throughout the space.

Wash Vanity – Dining Area

The warm and inviting ambiance of the wash vanity is heightened by wooden color cabinets, a backlit mirror, and a beautiful wall texture. The backlit mirror not only adds a modern and elegant touch to the vanity area but also enhances the overall aesthetic. Carefully chosen to complement the space, the wall texture harmonises with the look and feel of the surroundings. Additionally, the presence of a beautiful false ceiling further contributes to the overall beauty of the entire area.

Bedrooms

Wooden colour wardrobes in a bedroom, set against white walls, infuse the space with a warm and cozy ambiance, introducing a natural beauty element. The pairing of white walls and wooden wardrobes establishes a fresh, airy, and serene environment, ideal for relaxation and rest. In the Master bedroom, the incorporation of white hues with the wooden shade enhances the overall enchanting beauty of the area. Meanwhile, for Bedroom 3, the use of black aristo sliding shutters against a green wall elevates the room's aesthetic appeal. The inclusion of a false ceiling in each room not only adds a welcoming feel but also introduces adequate lighting effects, completing the overall atmosphere.

Kitchen

Introducing bright-coloured bottom and top cabinets in a kitchen imparts a unique elegance, cultivating a cozy and inviting atmosphere. To enhance both functionality and aesthetics, strip lights can be installed beneath the top cabinets, offering task lighting and accentuating the kitchen's overall beauty. Versatile and energy-efficient, strip lights provide easy installation and control. The addition of a black granite countertop further elevates the space, contributing to a classic and timeless look.
