

Exquisite Office at Asset Corridor

Nestled in the heart of Edapally, Ernakulam, Asset Corridor 8C & E stands proudly as an outstanding representation of premier office space. Crafted by the expertise of Asset Interiors, this luxurious workplace embodies a modern masterpiece, seamlessly merging modern design with practicality. Every aspect of this office unit has been meticulously chosen, showcasing elegant designs that exude a modern, minimalist charm while optimizing space utilization. It's a place where life harmonizes like a flawless symphony, where every detail seamlessly contributes to a composition of luxury, sophistication, and refinement. Join us for a guided tour of Asset Corridor 8C & E and experience firsthand this exceptional fusion of excellence.

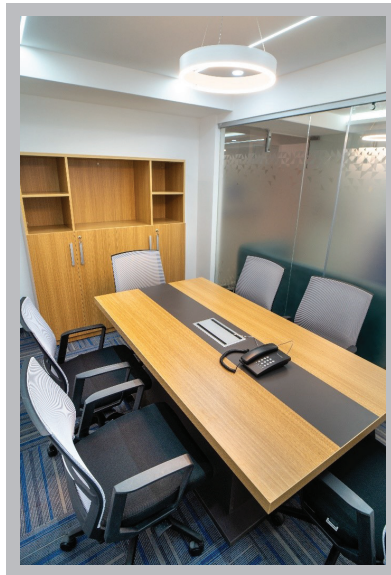

Reception Area

The reception area is designed with a blend of blue, white, and wooden tones. These colors extend to the false ceiling, where wooden and white hues prevail. The ceiling is further adorned with hanging lights, track lights, strip lights, and spotlights, enhancing its beauty alongside the concealed AC unit.

The furniture, including an aqua blue sofa, a reception table in a blue and white combination, and a wooden storage rack, is meticulously crafted to maximize space utilization without compromising on aesthetics.

Conference Room

In the conference room, the palette of white, blue, and wooden tones continues, creating a cohesive ambiance. The false ceiling, adorned with hanging lights, profile lights, and spotlights, elevates the room's aesthetic appeal. The wall is paneled with a white laminate, and the other side with sliding glass partition adding to the room's sophistication. This space features a six-seater conference table, a storage rack, and a carpet in a stylish blend of blue and grey tones contributing to its functional yet stylish design.

MD's Cabin

The MD's cabin harmonizes white, blue, and wooden tones, creating an atmosphere of coherence. Illuminated by hanging lights, strip lights, and spotlights, the false ceiling amplifies the room's allure. White laminate panels on the walls exude sophistication while roller blinds graze the window. Completing the setup are an MD table, a side storage rack, and a carpet blending blue and grey shades, striking a balance between practicality and elegance in design.

Work Station

The workstation features tables on both sides, maximizing space usage while providing all necessary amenities. It includes overhead storage and roller blinds for the windows. A combination of wooden and grey shade is used for the workstation table. The plain false ceiling is adorned with panel lights, maintaining a clean and functional aesthetic.

Pantry

The pantry is adorned in a pragmatic white hue, complete with a dining counter. Profile lighting graces the area beneath the top unit, while roller blinds dress the window.

Server Room

The server room has been meticulously designed to house a server rack and incorporate all necessary arrangements for Cameras, Phones, Inverters, Networking, and more.

CLIENT SPEAKS

Mr. Jomon Savier
Director / CEO
BLUE BELL LOGISTICS PRIVATE LIMITED

Such a Wonderful Job!

Our approach to the Asset interior team ensures a seamless integration of our requirements. From conceptualization to execution, the team curates innovative design solutions, utilizing premium materials to craft an ambiance that resonates with the brand identity. With a keen eye for detail and a commitment to excellence, they aim to create a workspace that not only impresses but also enhances productivity and fosters a positive work culture.
